Hasan Iqbal

EN 5055, 1000 E. University Ave., Laramie, WY 82071 hasan.iqbal@uwyo.edu | hasan.iqbal.anik@gmail.com

Education

PhD, Computer Science and Engineering	2018 - 2	2024		
University of Connecticut (UConn), Storrs, CT				
Dissertation: High-dimensional Quantum Key Distribution: New Protocolos and Analysis.				
Committee: Dr. Walter O. Krawec (chair), Dr. Bing Wang, Dr. Alexander Russell				
MS, Computer Science	2015 -	2017		
University of Illinois at Chicago (UIC), Chicago, IL				
BS , Information Technology	2009 -	2013		
IIT, University of Dhaka, Dhaka, Bangladesh				

Professional Experience

University of Wyoming, Assistant professor of EECS	2024 - Present
University of Connecticut, Research and teaching assistant	2018 - 2024
University of Illinois at Chicago, Teaching assistant	2015 - 2017

Publications

- 1. New Security Proof of a Restricted High-Dimensional QKD Protocol. H. Iqbal and W.O. Krawec. IEEE ISIT 2024.
- 2. Analysis of a High-Dimensional Extended B92 Protocol. H. Iqbal and W.O. Krawec. Quantum Information Processing 20 (10) 344, 2021.
- 3. High-Dimensional Semi-Quantum Cryptography. H. Iqbal and W.O. Krawec. IEEE Transactions on Quantum Engineering, vol. 1, pp. 1-17, 2020.
- Semi-quantum Cryptography. H. Iqbal and W.O. Krawec. Quantum Information Processing 19 (3) 97, 2020.
- 5. From Classical to Semi-Quantum Secure Communication. A. Gagliano, W.O. Krawec, and H. Iqbal. IEEE ISIT 2019.

Teaching

University of Wyoming

1.	. COSC 4200 - Computability and Complexity	Fall 2024
2.	. EE 5885 - Introduction to Quantum Cryptography	Spring 2025

Professional Services

Served as a reviewer for the following journals:

- 1. Quantum Information Processing
- 2. EPJ Quantum Technology
- 3. IEEE Internet of Things
- 4. IEEE/ACM Transactions on Networking
- 5. IEEE Robotics & Automation Magazine

University Services

1. Volunteered for showcasing research to the undergraduate students. October 2023

August 2022

March 2019

- 2. Volunteered in welcoming new engineering graduate students.
- 3. Served as an Orientation Representative for international students. Dec '19, Aug '19
- 4. Volunteered for the School of Engineering research showcase.

Presentations and Posters

- 1. New Security Proof of HD-3-State-BB84 Protocol, Quantum Optics Seminar, NIST (Online). October 2023
- 2. New Security Proof of HD-3-State-BB84 Protocol, QCrypt poster, UMaryland. August 2023
- 3. HD-B92 Protocol, SOE poster competition, UConn.April 20214. HD-Semi-quantum Key Distribution, CSE Security Seminar, UConn.November 2020
- 5. Fully Device-independent QKD, Quantum Network Seminar, UMass/CQN. July 2020
- 6. HD-Semi-quantum Key Distribution, SOE poster competition, UConn. March 2020

Awards

1. Conference participation award, Graduate School, UConn	July 2023
2. Summer dissertation fellowship, Graduate School, UConn	April 2023
3. Synchrony Financial fellowship, CSE, UConn	2021 - 2022, 2023
4. Pre-doctoral fellowship award, CSE, UConn	May $2024/23/22/21/20$
